Rowland Hall Middle School 2008-2009

A collage of black and white photographs from Rowland Hall Middle School 2008-2009. The photos are arranged in a grid-like fashion, with some tilted at angles. The background is white with large, hand-drawn black doodles, including a heart, a star, a flower, and various abstract shapes. The photographs depict students in various settings: some are in sports uniforms, some are in casual clothing, and some are in costumes. They are shown in groups, posing for photos, and in various activities. Some photos show students in a classroom setting, while others show them outdoors. The overall theme is a collection of memories from the school year.
